

June Family Project
Kindergarten Timeline
Due Friday, June 14th

Dear Kindergarten Family,

For our final family project this year, you and your child will be creating a timeline to document the important moments from your child's Kindergarten year.

Please help your child select 4-6 important moments that happen this school year. The events should be assembled side by side and in chronological order. Each event should be labeled, have a picture or drawing and include the date.

Completed timelines should include a title and your child's name - for example, "Anna's Kindergarten Year" or "Ben's Timeline of Favorite Kindergarten Memories."

Please help your child practice what he/she will say about each event so he/she will be prepared to share the timeline with the class.

Thank you!

The Kindergarten Team
